Tokyo, 102-0084  
Japan

Dear H.E. Ms. Ruth Kahanoff,

Thank you very much for the support you so thoughtfully accord our programs at Japan Society for the Promotion of Science.

I am writing this time to ask for your cooperation in nominating candidates to participate in the 7<sup>th</sup> HOPE Meeting.

It is scheduled to be held from 1 through 5 March, 2015 in Tokyo. Its organizing committee is chaired by Dr. Makoto Kobayashi, 2008 Nobel laureate in physics. The subjected fields of the next HOPE Meeting will be Physics, Chemistry, Physiology/Medicine and related fields. Please find more details in the attached materials.

We wish to request your cooperation in nominating up to 6 excellent PhD students and/or postdocs who specialize in the subjected fields. As the subjected fields cover three fields of the Nobel Prize this year, we appreciate it that you could nominate candidates who are well balanced in these fields.

JSPS will be happy to cover their accommodation, meals, transportation inside Japan and overseas travel insurance during the meeting. We would appreciate it if you could cover the international airfare of your nominees.

May I please ask you to send us your nominations along with their applications by 10 October, 2014?

Thanking you again for your cooperation, I look forward to receiving your reply.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Yuichiro Anzai', followed by a long horizontal flourish.

Yuichiro Anzai

President

Japan Society for the Promotion of Science (JSPS)
